## CHEF'S SPECIAL DISHES

*A note on the sauces: Each sauce is the unique creation of our chef (he a trained gourmet). It is the special combination of spices and liquids matched with the main ingredients of each dish that gives the dish its unique flavor quality. Many of the sauces do contain a small amount of "michiu", a rice wine. The sauce is made at the time the dish is cooked so, if you do not wish to or cannot have wine in your dish, please let your waiter know and the chef will not include it.*
